THE COMPANY OF WYREDRAWERS OF LONDON.

AND WHEREAS after the Granting the said Letters patent vizt. on the nineteenth day of January One thousand Six hundred and Ninety nine in the eleventh year of the reign of his said late Majesty King William the Master Wardens and Court of Assistants of the said Company being duly assembled and met together at their Hall or place of Meeting in London Did by Virtue of and under the above recited power to them in such behalf Given by the said Letters patent at a full Court by them then and there held in London aforesaid devise make and reduce into writing certain good usefull and reasonable orders rules and ordinances Comonly called by laws for the Weall rule and good Government of the said Company Trades Arts and Mysteries and amongst other orders rules and ordinances It was ordained and ORDERED that from thenceforth it should not be lawfull for any person or persons of the said Company or using or exercising the said Art or trade of Drawing and Fflattig of Gold or Silver Wyre or Spinning or Making of Thread or Stuff to take or keep any more Apprentices than therein and thereafter is limited That is to say that no Member of the said Company or using the said trade Art or Mystery until he had been a Ffreeman of the City of London at least two years should be capable to take one Apprentice upon pain to fforfeit and pay to the Master and Wardens of the said Company for the time being for the use of the said Company the sum of Ffive pounds of lawfull money of England AND also that no person free of the said Company or using or exercising the said trade Art or Mystery should take a Second Apprentice before his first Apprentice had served at least three years and a half of his time of his Apprenticeship to be accounted from the date of such Apprentices Indenture of Apprenticeship if such first Apprentice should continue in his service upon pain that every person who should take or keep a Second

In default of payment of each or either the severall forfeitures and penalties in the ordinance therein expressed the same to be levied in such manner as therein is appointed as in and by the said in part recited Letters Patent or Charter Orders Rules and ordinances relation being thereunto respectively had may more fully appear.

AND WHEREAS at the time of devising and making the said orders Rules and ordinances the Members or Masters of the said Company were but few in number the said trade of Gold and Silver Wyre Drawers being then not in so great use as for some years past they have been the end Intent and meaning of the said order Rule and ordinance for restraining and limiting the Number of Apprentices each member of the said Company should have and take or keep was to avoid the Inconveniences which several other trades to the Great Improvement of their Members suffered and underwent by being permitted to take an Unlimited Number of Apprentices and to preserve Good and Proper medium as to the number of Apprentices each Member of the said Company of Gold and Silver Wyre Drawers should have take and keep soe that the youth put out to the said trade as Apprentices might after they had served a laborious Apprenticeship be able to live and support themselves and families as Journeymen in a comfortable manner as persons in such a situation of life might reasonably thinking expect or deserve without encroaching or imposing upon the Masters Members of the said Company for exorbitant wages (the bane and destruction of all arts trades and misteries) to the hurt and prejudice both of the Master in the said trade and the Subjects or Customers with them dealing or trading AND WHEREAS since the making of the said orders Rules and ordinances the Masters of the said Company are become more numerous and the use of or call in the said trade by the nobility and gentry is become much more great than notwithstanding the increase of the said Masters or Members of the said Company the present number of hands or journeymen in the said trade can properly do perform or execute and that chiefly and principally because a great many or most of the best hands of the journeymen in the said Trades Instead of making a just and proper use of the care and indulgence of the said Company

towards them by preserving the trade in a Good and proper medium for their living and support have taken a quite contrary course and by degrees from the time of making the said orders rules and ordinances to this present time have risen to such an Intollerable Insufferable and Insupportable height of self-sufficiency disobedience and misbehaviour towards the Masters Members of the said Company not in the least submitting to their Government, Management and direction as is a most Grievous and insupportable Imposition both on the Masters and Customers most unreasonably and without any just cause exorbitantly and insufferably exacting and demanding of the Masters Members of the said Company most unreasonable Wages loosing the time of their said Masters by frequent and almost continued rioting drunkenness debauchery combinations and confederacies together not only to the hurt and prejudice of themselves and their own ffamilies who ought to and might be comfortably maintained by them but likewise to the great oppression hurt and damage of their Masters Members of the said Company who pay them so that it is Impossible for the said Masters to get a reasonable Support by their business unless they in like manner raise their prices upon their Customers to the certain very great and unreasonable abuse of the Nobility and Gentry of the Nation and others employing them and undignably and contradictory to and evidently against the true intent and meaning of the said Letters Patent or Charter. AND WHEREAS many members of the said Company being Masters have at several Courts held on affairs of the said Company made complaint of the said abuses and grievances by and through the insufferable behaviour of Journeymen in the said trade and prayed to be relieved. AND thereupon the Master Wardens and Assistants of the said Company having taken due notice of the said Complaints and of the abuses committed by Journeymen and which are growing every day more insufferable And apprehending it to be their duty as far forth as in them lieth and they properly or lawfully may or can to take reasonable measures for the preventing the Subjects being imposed on by reason of such irregular practices and having duly deliberated upon and weighed and considered the said Complaints and the Grounds or causes of the same And being of their own knowledge satisfied that such complaints are reasonable and just and being unanimously of opinion that there is no readier more perfect or legal method or way to check controul or dissipate such unwarrantable unjust and illegal practices of the Journeymen in the said trade and that the necessity of the trade requires it than by making a new By Law for the enlarging the number of Apprentices as should be reasonable by which means the Hands in the said trade will be considerably increased and the Journeymen obliged thereby to lower their prices and likewise in generall to behave themselves in a more moderate just and decent manner towards their Masters.

NOW THEREFORE BE IT KNOWN that at a full Court held by the Master Wardens and Assistants of the said Company of Gold and Silver Wyredrawers of London the twelfth day of November, in the second year of the Reign of our Sovereign Lord George the Third by the Grace of God of Great Britain Ffrance and Ireland King Defender of the Ffaith &c. and in the year of our Lord One thousand Seven hundred and Sixty one It is for the Weale rule and Good Government of the said Company trade Art and Mystery Ordered Ruled and Ordained that notwithstanding the before recited order Rule and ordinance or By Law or anything therein contained to the contrary It shall and may be lawfull now and from henceforth and untill the Master Wardens and Assistants of the said Company for the time being or the Greater part of them shall find it reasonable think fitt to order rule and ordain to the Contrary for the Master Wardens and Assistants of the said Company of Gold and Silver Wyre Drawers and each and every of them to have take and keep three Apprentices at one time and no more upon pain that every person that should do to the contrary in any particular shall fforfeit and pay to the Master Wardens and Assistants and Comonaltie of the said Company for every such offence such fine and sum of Money as the Master Wardens and Assistants of the said Company or the Major part of them in open Court shall think fitt to order the same not exceeding the sum of Twenty pounds of lawful money of Great Britain.

IN WITNESS whereof we the greater number of the said Master Wardens and Assistants of the said Company have in full and open Court sett our hands the day and year last beforementioned.

t

TO THE RIGHT HONOURABLE THE LORD MAYOR AND COURT
 OF ALDERMEN.

IN OBEDIENCE to an order of this Honourable Court of the sixth of June, We whose Names are hereunto subscribed being appointed (amongst others) to examine the Allegations of the Petition of the Master, Wardens, Assistants and Commonalty of the Art and Mistery of Drawing and Flatting of Gold and Silver Wyre, and Making and Spinning of Gold and Silver Thread and Stuffe in the City of London, and to report our Opinions thereon to this Court; DO HUMBLY CERTIFY that We have accordingly met and examined into the Allegations of their said Petition, and do find: That their late Majesties King William and Queen Mary by Letters Patent of Incorporation dated at Westminster the 16th day of June in the 5th year of their Reign Did Will

Ordain Constitute and Grant that the Freemen of the said Trade Art and Mistery and all others that then did or that should thereafter exercise the said Trade Art and Mistery within the City's of London and Westminster the Borough of Southwark and all other places within Thirty Miles distance from the same should be from thenceforth for ever one Body Corporate and Politick in Deed, fact and name, by the Name of the Master, Wardens, Assistants and Commonality of the Art and Mistery of Drawing and Flatting of Gold and Silver Wyre and Making and Spinning of Gold and Silver Thread and Stuffe in their City of London and them by the same Name one Body Politick and Corporate in Deed, fact and name, did fully and really erect, create, constitute, ordain, declare, make and establish by these presents and that by the same Name, they should have succession for ever, AND thereby granted to them divers powers, Immunities and privileges and particularly full power and authority by virtue of those presents to make, ordain, constitute and appoint and set down from time to time such reasonable Acts, Orders and Ordinances as should seem meet and necessary.

THAT in pursuance of such Authority the said Company made several Acts and Ordinances which were approved of and signed on the 17th day of October 1700 by the then Lord Keeper of the Great Seal of England and the then two Chief Justices of the Court of King's Bench and Common Pleas agreeable to an Act of Parliament made and passed in the 19th year of his late Majesty King Henry the Seventh amongst which Acts and Ordinances for the better order, Rule and Government of the said Company and of the several Members thereof is one to the effect following (that is say) That if at any time thereafter it should or might happen that a Livery be granted to the said Company that then the Master Wardens and Assistants of the said Society for the time being in a Court of Assistants assembled, or the greater part of them so assembled, should and might call elect, choose and admit into the Livery and Cloathing of the said Society such Person and Persons free of the said Company as they should think fitt and meet, and that all and every such person and persons so called and elected into the Livery or Cloathing of the said Society should pay a fine in that behalf, as in the said Ordinances mentioned together also with several other Acts and Ordinances relative to the Livery and Cloathing of the said Company.

THAT divers Members of the said Company are of considerable Substance and are able and willing to bear the Expence attending of a Livery having already subscribed thereto, and to contribute and assist on all public occasions to the Honor Dignity and Service of the City.

THAT the Petitioners humbly apprehended, that if a Livery was granted to the said Company it would be of great benefit and advantage thereto, and an Encouragement to a Valuable and

Extensive branch of the British Trade, as by means thereof, the persons, using and exercising the Art or Mystery of Drawing or Flatting of Gold and Silver Wyre and Making and Spinning of Gold and Silver Thread and Stuffle would be more ready to take their freedom of the said Company and many Merchants Ware-housemen and other Traders, Exporters of Gold and Silver Lace although not makers thereof would become Members of the said Company, the same being upon a respectable Footing equal with the rest of their Fellow Citizens who are entitled to the benefit and privileges which by the Custom of this City can be enjoyed by the Liverymen only.

AND after duly considering thereof it does appear to us that the complying with the prayer of their petition will be beneficial to the said Company by encouraging and promoting the encrease of their Members and contribute to the Dignity and Service of this City, by enabling them to attend and assist on all publick occasions, WE are therefore of opinion that they should be created and made a Livery Company of this City and that the said Livery be granted unto them, under the Qualifications and Conditions following (that is to say) that their Livery fine be set at the sum of Fifteen pounds, Sterling to the Company five shillings to the Clerk and two shillings and six pence to the Beadle.
